

## SYLLABUS AND PROGRESS CHART

Tick in Column B = Briefing Delivered    !    Tick in Column 1 = Topic Introduced

Tick in Column 2 = Progress being made on this topic | Tick in Column 3 = Topic "coming on nicely" now

Tick in Column 4 = Topic handled consistently competently      !      Tick in Column 5 = Applied unprompted during Mock Test

Initial Eyesight Check carried out on : ____ / ____ / 20____						
Pre-Driving-Test Eyesight Check carried out on : ____ / ____ / 20____						
TOPIC	B	1	2	3	4	5
Cockpit Drill						
Clutch - "Hold Point" / ('bite')						
"Hold Point" on an incline						
Moving off - level						
Moving off - uphill						
Moving off - downhill						
Moving off - at an angle						
Pulling-in/Stopping safely at <b>designated</b> points - on left <b>and</b> right						
Pulling-in/Stopping safely at <b>self-selected</b> points - on left <b>and</b> right						
Use of Brakes [smooth control]						
Downhill braking / Choice of gear						
Uphill braking [incl. decision <b>not</b> to brake]						
Steering - straight course						
Steering - bends and corners						
Gas Pedal - smooth use						
Adjusting speed to conditions						
Gears UP						
Gears DOWN						
Clutch - engaging smoothly						
<b>M S M</b> 'routine' - <b>MS &gt; PS &gt; LADA</b>						
Knowing, understanding & able to recite <b>MS&gt;PS&gt;LADA</b> by heart						
Use of Mirrors - [MSM]						
Signalling - use of indicators						
Signalling - arm signals						
Junctions - EMERGE right						
Junctions - APPROACH right						
Junctions - EMERGE left						
Junctions - APPROACH left						
Zones of Vision - assessing correctly						
Crossroads - Approaching						
Crossroads - Emerging						
Crossroads - n/s to n/s - o/s to o/s						
Observation - <b>Assess</b> - <b>Decide</b> - <b>Act</b>						
"Targeting" gaps						
"Scanning" to identify hazards						
Road-positioning						
Avoiding Hesitancy when moving off from all hazards						
Traffic Lights						
Pedestrian Crossings						

TOPIC	B	1	2	3	4	5
Signs and Markings						
Mini-roundabouts						
Roundabouts - including <i>"spiral"</i> roundabouts						
Meeting oncoming traffic						
Making Progress up to speed when safe to						
Anticipation - of other drivers' actions						
Anticipation - Pedestrians / Cyclists / Animals						
Cross the path of other traffic						
General traffic-work - [housing estates]						
General traffic-work - [country roads - bends/progress]						
General traffic-work - [single-track roads]						
General traffic-work - [in town]						
Box junctions						
One-way systems						
Ancillary controls/instruments						
Overtaking - introduced						
Overtaking - opportunity arisen and talked through						
Overtaking - opportunity taken, unaided						
Night Driving						
<b>SET PIECES</b>						
Straight-line reversing						
Emergency / Controlled Stop						
Reverse Park on <b>LEFT</b> -hand side of the road						
Reverse Park on <b>RIGHT</b> -hand side of the road						
Reverse RIGHT						
Reverse LEFT						
Bay Park - <b>forwards</b> - LEFT						
Bay Park - <b>forwards</b> - RIGHT						
Reverse Bay Park LEFT						
Reverse Bay Park RIGHT						
Turn-in-the-Road						
<b>DUAL CARRIAGEWAY</b>						
Overview of Dual Carriageway driving						
Joining via sliproad						
Leaving via sliproad						
Joining - by emerging						
Leaving via right turn						
Normal progress / positioning / anticipation / clearance						
Overtaking / lane-changing						
<b>MOTORWAY</b>						
Overview of Motorway driving						
Joining						
Leaving - [incl. adjusting to conditions/speeds]						
Normal progress / positioning / anticipation / clearance						
Overtaking / lane-changing
