5th Annual

David Jamieson Memorial Golf Tournament

To Fight Amyloidosis

149 North St., North Reading, MA

Friday, September 11, 2009

Dear Friend:

On July 18th, 2004, Amyloidosis took the life of our beloved David Jamieson. Since then, we have been organizing The David Jamieson Memorial Golf Tournament to raise money to fight this terrible disease.

Amyloidosis is a rare and potentially fatal disease that occurs when substances called amyloid proteins build up in organs and tissues, impairing their function.

Last year, The David Jamieson Memorial Golf Tournament was our biggest success to date! Your generosity allowed us to donate over \$50,000 to Amyloidosis research and support groups! In 4 years we have raised approximately \$150,000 to help support our cause.

On May 20th, 2009, Boston University Amyloidosis Research and Treatment Program held a ceremony to dedicate a plaque in David's memory in appreciation for our contributions over the last 4 years. This plaque now hangs in their Alan and Sandra Gerry Amyloid Research Laboratory.

Please join us once again on Friday, September 11, 2009 at the Hillview Golf Course and Country Club for the 5th Annual David Jamieson Memorial Golf Tournament to continue our efforts in the fight against Amyloidosis.
