

NEW! APEX

AX-90 SERIES COLUMN KEYBOARD STANDS

After 20 years, the legend continues.

*The New AX-90 Series Apex Stand comes in today's most popular color choices.

STURDY QUAD POD BASE

New Quad Pod design makes the traditional column stand more stable. Four legs provide increased tip resistance and improved center of gravity. Legs lock in place while playing for stable support, even with large 88-note keyboards.

VERSATILE STAND

Addition of the 4th leg makes the new Apex more stable with a keyboard at lower settings; use as a sit-down or stand-up stand.

EASY TO USE

Sets up in seconds without tools.

FULLY ADJUSTABLE ARMS

Newly designed arms are height, width, length, AND angle adjustable with memory settings for easy set-up.

COMPACT PORTABILITY

Folds into a self-contained, compact unit. Comes with a custom fit tote bag with pockets that also hold the AX-90MIC boom.

NO PARTS TO LOSE

Stand features a built-in accessory attachment that folds out of the top of the stand - simply snap in optional boom arm or shelf. Cable management is integrated into the face of the column; footcaps are compressed on and won't fall off.

LIMITED LIFETIME WARRANTY

Constructed of high quality materials, backed by our award-winning customer support.

NEW! APEX

ACCESSORIES

AX-90MIC BOOM

Telescoping “Ulti-boom” (see page 72 for details) utilizes height adjustment channel inside of the New Apex body. Super clean looks combined with perfect functionality. Quickly detaches and stores in protective Apex Bag pocket.

- AX-90MIC #17222
- Telescoping boom length 18.9” - 33.9”
(480 mm - 860 mm)
- 1-year warranty

AX-90BAG TOTE BAG

Bag designed to aid in set-up and tear-down, protecting the stand’s finish. Simply store the tiers inside the top of the stand and slip the bag over the top. Laying the bag down with the stand inside, store the legs in the bottom and zip up the bag end. Bag has top end handle and carrying strap.

- AX-90BAG #17263
- Heavy-duty, padded and zippered Tote Bag.
Holds one AX-90 Series Column Keyboard Stand,
plus one AX-90MIC boom.
- 1-year warranty

THE STRENGTH OF INNOVATION

Incredible new arms are height, width, length AND angle adjustable with memory settings for easy set-up. Infinitely height adjustable arms snap into built-in clamps running on tracks down each side of the column. For playing, arms snap and lock in place; for storage, fold arms down on the outside of the stand or store inside the column without changing length settings. Arms accommodate any size keyboard - no need to order longer arm accessories.
